Guide to Video Offers

**This guide includes video selections available for a
BSEWebsites.com built website.**

Website Videos

Flash – A built-in movie. Some movies can be edited through your dynamic back door. See the Collingsworth Builders and the Rodgers Homes websites for this function.

Cost: Normally \$250 to \$500 per movie. More complex movies can be more expensive. See a BSE Websites.com representative for a quote.

Example: <http://verandafinehomes.com/>

Photo Videos – Still photos that are brought alive by panning around on the photo & zooming on & out. Then transitions are added between one photo & the next. Now a video has been created. We next build a sound track the exact length of the video. There are 89 sound tracks at <http://teambse.com/musicdemo/> for the builder to select music for their videos.

Cost: \$300 The builder supplies the photos. Example:

360° Panorama – Can support Cylinder Style - 360° horizontal and/or Spherical Style - 360° horizontal & vertical. All the videos are in one movie. Panoramas can include hotspots built into the movie to jump from one room to another. They may also include a radar function on your floor plan that will synchronize the camera movement with the floor plan.

Cost: \$450 for a five pack. Five individual shooting positions. The builder supplies the photos.

Example: <http://teambse.com/vdirect/index.php?id=6>

Virtual Brochures - The Virtual Brochure will allow a potential client to alter a basic elevation and/or floor plan to meet their specifications. They can "What If" optional rooms and additions, and print a brochure including their favorite selection of elevation. Your potential clients may start making buying decisions from the comfort of their own home!! The Virtual Brochure will generate and print an elevation and floor plan that the customer can hand carry to your office!

Cost: \$250 for a single story & \$450 for a two story. A minimum order of 3 plans is required to offset the cost of setup. If there is multiple second story floor plan layouts this may add an additional cost to the basic two story price. Click on example, then plan name.
